THE BEGINNING & END OF THE VATICAN

**Love if you want

INTRODUCTION

The Vatican is known as the great whore in the bible and it says that the great whore and her daughters end in fire. This is the most advanced prostitution in history and it is known as the mystery of lawlessness and it consists of keeping the purpose of the death of Jesus Christ hidden. People are blind, they believe that the Catholic church is a good institution, that it is Christian, yet it has no Christianity. To see it fall will be the greatest spectacle in the world and there is where the revolution of JCM begins and the gospel of uncircumcision reveals it all.
